

Sonance Visual Performance® Series

Visual Performance® Series 4" Speakers

Sonance Visual Performance® Series speakers combine elegant, modern style with outstanding audio performance. New micro flange grilles have only 0.20" of trim, giving these speakers a clean, sleek appearance that seamlessly integrates into any designed space. The grilles attach via powerful magnets, for simple, quick installation. A one-step paint process saves time compared to traditional flanged speakers.

The 4" footprint is available in three shapes — rectangular, square and round, so the designer and installer can select the shape that best suits the architectural space while providing the level of sound quality desired by the client.

VP45-series speakers deliver audiophile-quality sound via carbon fiber cone woofers and silk dome tweeters. Pivoting tweeters direct sound at listeners for excellent stereo performance, even if the speakers are mounted in "less-than-ideal" locations.

Visual Performance Series 4" speakers can be retrofitted into mounting holes for Sonance Merlot® speakers without modification, making upgrades exceptionally easy. Visual Performance series 4" speakers can also be used with accessories for Sonance Merlot speakers.

Features:

- Micro flange steel grille has only 0.20" of ABS trim for a sleek, modern appearance. Powerful neodymium magnet grille attachment eases installation.
- Available in three shapes (rectangular, square, round), so the designer can select the shape that best suits the architectural space while satisfying the client's desire for high-quality audio performance.
- Carbon fiber cone woofers and silk dome tweeters deliver audiophile-quality sound.
- Pivoting drivers direct sound at listeners for improved stereo performance, even from less-than-ideal mounting locations.
- All 4" Visual Performance Series speakers can be retrofitted into existing cutouts for Sonance Merlot® speakers without modification.
- Grilles and frames can be painted together, saving installation time.
- RotoLock® mounting clamps and FastMount® tabs for quick, easy installation.
